

You're Not Falling Behind—You're In Progress

A MANIFESTO FOR PEOPLE DOING THE
BEST THEY CAN WITH WHAT THEY GOT.

By: The Stratagem's Archive.

- You are not behind, you are building without a blueprint.
- Survival isn't a weakness, it's resistance.
- Working more than 1 job and still being tired doesn't make you a failure. It makes you human.
- You don't need to be impressive to be valuable.
- Quiet effort counts. So does rest.
- There's nothing wrong with being unsure or changing your mind. There's something honest about it.
- Losing people doesn't mean you lost yourself.
- Curiosity is still kind of a hope.
- Every time you choose to stay — to live, to write, to try again — that's a small act of rebellion.
- This moment, this breath, this version of you — it matters.

YOU DON'T NEED TO BE AT THE END TO BE PROUD OF WHERE YOU ARE.

This is your reminder. You're not failing.

You're in progress, and that's more than enough right now.
